The Board of Directors, in an action endorsed July 26 by a standing ovation decided to fight the proposed copyright on the Memorial, and to demand that names of KIA/MIA be engraved on the Memorial wall.

Official election returns were opened at the business meeting on July 26. These were pronounced elected to the Board of Directors for 1993 - 1996: SCOOTER BURKE; HARLEY COON, KEN COOK, and DICK WAINRIGHT.

The resignation of Richie Alexander from the Board of Directors was accepted. The Council officers and board members then elected LEN DUBE as director to fill the unexpired term until July 26, 1994. Results were: Dube, 7 votes. Bill Van Ort, 5 votes. Ed Grygier, 1 vote.

Details, including publishing of the Minutes of Meeting, are to be included in the September 1993 edition of Graybeards.

Stan Hadden was re-appointed as Editor of Graybeards. He was also instructed to publish a special edition to be mailed in mid-August by first-class mail giving membership an update on the Memorial, action to be taken, and highlights of the

"WE, THE KOREAN WAR VETERANS ARE MAD AS HELL"

"Five million of America's youth responded to the call of our nation. One and one-half million of us went to Korea.

"We stopped Communism in its tracks.

"The United States and the twenty UN allied nations, having won the war and installed a military truce, did not forget the need to be vigilant.

"In 1989 the evil forces of Communism started to fall across the world.

"The United States Congress was prodded into remembering and authorized a Korean War Veterans Memorial to be built in the nation's capital city.

"We Korean War veterans again were out front and were enthusiastically active in helping to raise sixteen million dollars for the Memorial.

"It was to have been built by now — and was supposed to have been dedicated before today.

"Now we have been told by the American Battle Monuments Commission that they have spent nearly five million of our dollars and the first design for the first statue has not even been approved. And the dedication date is somewhere in the next two to four years.

"We are mad as hell and we wish to tell America

"1. The Korean War Veterans Memorial is important to us because it will TELL AMERICA that the spirit of thirteen colonies who fired the shot 'heard around the world' at Concord in 1776 still lives.

"That spirit and patriotism still stands in majestic strength above the deaths of 33,651 to 54,246 Americans who died in the Korean War....

". . . It still lives on in the spirit of

On July 26, 1993 at the annual business meeting this message was approved by a rising vote of acclamation by our members, who ask all 250 million other Americans to join with us in this message to Congress and to President Clinton.

our 8,177 missing in action . . . and proudly survived the brutal treatment suffered by our 7,000 prisoners-of-war, of whom 389 are still unaccounted for.

"2. We want to TELL AMERICA that we demand those names of our KIA/MIA be engraved into the eternal stone of our Memorial wall, and we wish to TELL CONGRESS and those building the Memorial to put those names on the wall.

"3. We wish to TELL AMERICA that we resent the award of a copyright by ABMC to be split between architects and craftsmen — giving them royalties for a work that was paid for by the people and is owned by the people.

"THIS IS WHY WE ARE MAD AS HELL!"

"We are ASKING AMERICA to write to President Bill Clinton at The White House; Washington, DC 20006.

"We are ASKING YOU to write your two Senators and your Congressmen and women (see page 15 - 32 for their address in your district)

"WE ARE ASKING YOU TO TELL THEM:

"1. To order the names of the Korean War KIA and MIA to be placed on our Memorial wall.

"2. To cancel any copyright on our Memorial and to further change the law used by ABMC (if such a law does exist), and to TELL AMERICA that henceforth ALL memorials honoring Americans who served our nation belong to all Americans.

"3. That until this is done we will remain AS MAD AS HELL!

BULLETIN!

Members of KWVA have been invited by Veterans Affairs to attend a ceremony where the Secretary will award living WWI veterans a special medal.

The ceremony will be held at "Cantigny," Wheaton, IL, on August 30, 1993 at 1100. Nat'l Dir. and Illinois Dept. Pres. BILLY SMITH will lead the KWVA delegation. If you wish to attend call Billy at (217) 468-2049.

BULLETIN!

Update On Memorial

While KWVA was in reunion at Minneapolis, it was reported that work had not been started on the Korea War Veterans Memorial. Our man in Washington now reports that WORK HAS BEGUN. There are three pieces of heavy equipment on the site, with the top soil being removed and it appears the compacting material is being placed on the memorial site.

This compacting material will squeeze the water out of the ground and provide a better base for the thirteen statues. (Thirteen Statues? Since when?)

CONGRESS WILL NEVER BE THE SAME (HE SAID) **CLAWSON MEETS WITH VENTO**

TOM CLAWSON (President, Minnesota #1 Chapter) met with Congressman BRUCE F. VENTO (DFL, 4th District) on Friday, August 13, 1993 to discuss the Korean War Veterans Memorial. The discussion was open and frank, with Tom feeling good with the results.

Congress Vento received information concerning KWVA positions on the names of KIA and MIA, on the Korean War Veterans Memorial wall, as well as our position concerning the copyright issue.

The Congressman set another meeting in the near future with Tom and wants our Washington office to work with his Washington staff.

Then Tom went on radio to further discuss the KWVA positions.

"But the best part is this," said Blaine Friedlander, "Tom coordinated with National and the KWVA program progressed."

Teamwork comes when the elements work together. Please let us know when you talk to congress. Meantime, Tom is preparing a memo on his meeting with Bruce Vento and a transcript of his radio appearance. We will print both in the September Graybeards.

ONE OF THE FIRST MEMBERS OF KWVMAB NOW TELLS WHAT WAS GOING ON BEHIND THE SCENES

AS LONG AGO AS 1987 HE FOUGHT TO HAVE NAMES ON THE MEMORIAL.

"July 21, 1993

"Dear President Adams:

"As a member of KWVA, I have watched the tale of woe unfold with regards to the Washington Memorial. As reported in the June issue of "Graybeards" the latest slap in the face is the ABMC decision to grant copyrights to those who were given the great honor to design "our" memorial.

"I am well aware of the whole farce concerning this project, since on 28 June, 1987 then - President Reagan appointed me a member of **The Korean War Veterans Advisory Board**. From the offset I had a long standing battle with two arrogant individuals who ran the show without any regard to the opinion of other board members.

"I speak of Col. Wm. Ryan, American Battle Monuments Commission and Gen Dick Stilwell, our "self appointed" chairman of the board. Stilwell and Ryan made all the decisions in a vacuum, and the other board members—all good - intentioned Korean War vets, who never before had participated in an activity of this sort—had no say.

"I fought for the placement of the names of ALL our 8,144 M.I.A.'s . . . For more control of the continual cost escalation of the project which started at \$6M and rose to over \$16M. . . For a fair representation of the contributions to the war

effort by all of our armed forces, not just the Army which Ryan and Stilwell had as a dominating factor in the Memorial.

"Finally, Stilwell had the Bush White House send me a "Dear John", advising that I wished to be replaced!!

"And so, on 28 June 1990 I was replaced by a person of Stilwell's choice. Stilwell made a point, that as National Chairman of the International Korean War Veterans Memorial, Angels Gate Park, California, I had a conflict of interest.

"I argued: what's wrong with our having two memorials, since we've been forgotten for 40 years??

"I certainly hope you continue the fight to stop the ABMC from granting copyrights to artisans and muralists. It is absolutely a travesty of all (that is) right and just to do so with a project which is being designed and built with public funds, most of which have been raised through the efforts of our Korean War Vets.

"This memorial is not owned by the government, it is owned by **THE PEOPLE of the United States of America, and Ryan and his bunch have no right to give away what is not theirs to give!!!**

"Keep fighting, and if I can be of any assistance, please do not hesitate to contact me."

"Semper Fi!

JOHN B. CURCIO.

THE EDITOR'S

Korean War veterans, their families and friends are demanding ACTION NOW:

(1) To CANCEL plans by ABMC to copyright our Memorial.

(2) To INSTRUCT ABMC that names of Korean War KIA/MIA must be engraved in the eternal stone of our Memorial wall.

THIS QUESTION WAS ASKED:

"Has ABMC been deliberately misleading Congress and President Clinton when they say there are no problems connected with building the Memorial?"

LOOK AT THIS:

Hundreds of KWVA members, families and friends have written and called Congress. We and they say: "kill the copyright and put KIA/MIA names on the Memorial wall."

ABMC says no.

AND CONGRESS TELLS US

Congressman JAY DICKEY of Arkansas is on our side. He wrote ABMC: "I request that the design be changed so that the names of the American heroes who served this nation may be proudly displayed for all to see."

Congressman CARLOS MOORHEAD of California danced around but said, in effect, **there is no law requiring the Memorial be copyrighted.**

Congressman JOHN McHUGH of New York danced around and sent a copy of the Moorhead letter.

Congressman RICK LAZIO of New York ducked all questions and just sent letter from ABMC "which explains in detail".

Senator ROBERT BYRD of West Virginia sidestepped everything and sent a "detailed and comprehensive report from ABMC".

Congresswoman MARGOLIES-MEZVINSKY of Pennsylvania has been completely brainwashed by ABMC and wrote: "Their letter indicates that the problem you encountered has now been resolved."

Congressman THOMAS EWING of Illinois has been white - washed by

THINKING CAP

ABMC and wrote: "Congress is not considering any legislation regarding copyright or building specifications related to the Korean Memorial. However, should such a bill come before the House, I will be sure to keep your thoughts in mind."

Other letters came . . . in similar voice. Maybe there is one person in Washington with the sole job of making form letters for Congress to send us veterans. Who do YOU think writes 'em?

ABMC FINALLY ANSWERED THOSE 13 QUESTIONS

Every person attending the Bloomington reunion received a packet including a copy of the 13 questions asked on page 7 of the June Graybeards. It showed the answers from ABMC (received finally because Sen. Simon's office in Illinois got a letter and a copy was sent to Graybeards). We plan to print those answers in September Graybeards.

THE ABMC ANSWERS BOILED DOWN TO THIS:

They are going ahead with plans to copyright and to put about 2,000 faces on the Memorial wall.

They say it is "in the best interest of the government" to do those things.

And CAROL SGROI of Pennsylvania, a friend of the veterans, asked this question: "I thought I AM THE GOVERNMENT. I thought the people are the government. And the people want the copyright lifted and the names put on the wall. What does Col. Ryan mean by 'best interests of the government'? He is NOT working for the best interests of the people — looks to me like he is doing just the opposite."

Someone Called It "Koreagate"

"KOREAGATE" was applied by someone at the reunion in reference to the refusal by ABMC to heed veterans wishes on the Memorial. The plain fact is that the current thinking by a majority of citizens is that the names of those KIA and MIA, are EXPECTED to be on the wall.

THE 13 ANSWERS TO JUNE QUESTIONS CAME ROUND-ABOUT

GRAYBEARDS RECEIVED REPLIES from ABMC to our 13 questions because Bill Clair, staff in Sen. Simon's (D-IL) Chicago office, followed-through on his promise to CARL W. BUSBY of KWVA. (Danville, ILL).

We wish to ask CARL if he will forward our appreciation to the Senator through Bill. And Graybeards thanks CARL BUSBY for his prompt sending by FAX the letter as soon as he got it.

Those answers were assembled, with comments on each, and handed out to every attendee at the Bloomington reunion.

Please see pages 10, 11, 12, and 13 herein with actual letters from ABMC and the advisory board, dealing with that subject.

LOOK HARD AT THIS:

The U.S. CODE governs the ABMC.

Under "patriotic societies," Section 124 says this: "Approval of Design For Memorials." Before any design for any memorial is accepted by the Commission (ABMC) it shall be approved by the National Commission of Fine Arts.

ABMC has never asked for approval to KIA/MIA names on the Memorial. They have asked for approval to put "2,000 faces" on the Memorial.

THIS LETTER CAME TO GRAY-BEARDS:

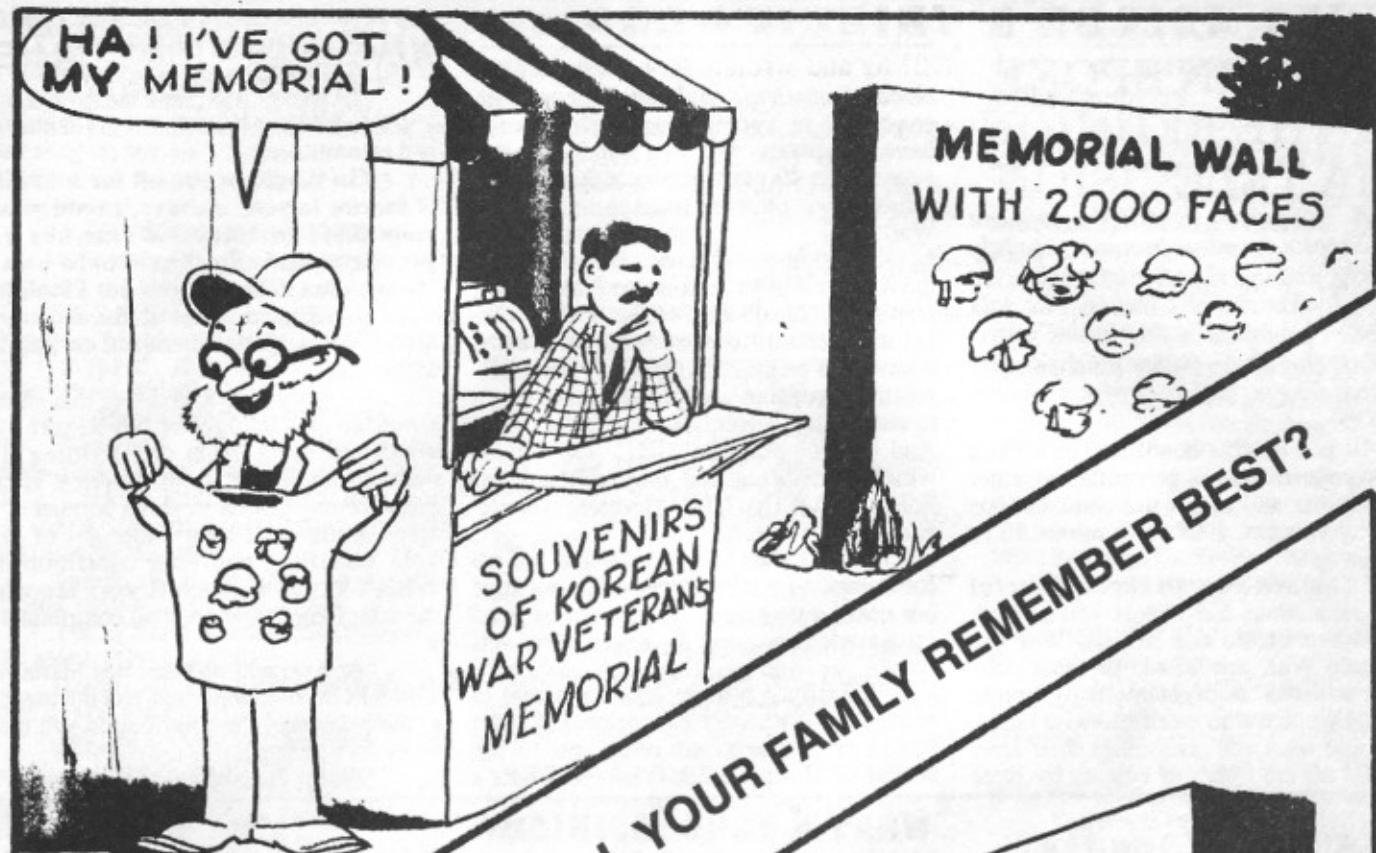

"P.S. Mr. Aviton of the Fine Arts Commission has stated that had the ABMC and the KWVMAB requested that the names and counts are to be etched on the 150-foot long granite wall of the Memorial, the Fine Arts Commission would have approved that request."

IS ABMC DUCKING FACTS?

So what's with that claim by ABMC that it would take two years to get approval if we ask for the names on the wall?

Graybeards would bet that a request for the KIA/MIA names on the wall would be okayed in one meeting.

WHICH ONE ARE YOU?

PRESIDENT BILL CLINTON SPOKE TO THE REUNION VIA TELEVISION

A surprise highlight of the Minneapolis reunion banquet on July 27, 1993 was the showing of a televised speech by President Clinton. The talk had been prepared a few hours previously in the Oval Office and sent by satellite. The actual text of his speech follows:

"It is a distinct honor for me to be a part of your reunion as you gather together to remember and honor the contributions made by you and your companions 40 to 43 years ago.

"You are assured that a grateful nation remembers and honors you as well. Some have called the Korean War the Forgotten War, but let me be clear: this nation will never forget the truly heroic men and women who sacrificed with blood, sweat and tears and sometimes their lives and held off the forces of tyranny for three

long years, allowing a free people to build their defenses.

"We will not forget that on the bloody battlefields of Korea your toil purchased the opportunity for South Korea to have prosperity. We will not forget that your efforts 40 years ago were the first victories in our ultimate triumph in the Cold War.

"And in a real sense, the veterans of the Korean War have been steadfast in their continued contribution to America, working with certain American officials seeking a universal peace, and through your letter-writing campaign a constant commitment to eliminating North Korea's nuclear threat. And in your program TELL AMERICA, which is exciting and innovative. Your Editor STAN HADDEN deserves congratulations for it was his idea.

"And I want you to know that we are committed to a comprehensive reform of our health care system, which will be good for America and good for Korean War veterans.

"Finally, I want to take a moment to recognize some very exceptional people, your members who are recipients of the Medal of Honor. SCOOTER BURKE, a

native Arkansan I might add. EINAR ENGMAN, RUDY HERNANDEZ, and CARL SITTER.

"I'd also like to thank the President of KWVA, DICK ADAMS, for his dedication and commitment.

"In thanking you all for a lifetime of service to your country, I want you to know that I am sorry that I can't be with you in person today. I have to be here in Washington doing my job but I look forward to being with you at the dedication of the Korean War Memorial on July 27, 1995."

"I want you to know, too, that when I stood on the Bridge Of No Return just about ten yards from the dividing line between north and south, where it is still legal for one person to shoot another if he steps across that line, I thought of you, your sacrifices and your contributions. When I looked at South Korea's economic miracle, I knew that you had contributed to it.

"And we will dedicate that Memorial. You will be able to see and feel the positive consequences of the contribution you made so many years ago.

"Thank you and God bless you all."

A letter came to Graybeards, saying, in part: "Americans are on the outside of the invisible fence between us and Congress, pleading for some attention" to our rights. It continued: In order to have some voice in our government, "an unorthodox method could be tried" such as a ballot or poll for "all of the people to vote on". . . and some questions that should be asked are:

65% say Congress is failing

By Richard Benedetto
USA TODAY

This indeed may be a summer of political discontent.

The American public is down on President Clinton but even more unhappy with the Congress. That's largely due to what it perceives as excessive partisanship and lack of progress on key problems.

With all 435 members of the House and 34 senators up for election next year — and Ross Perot stirring the pot — signs are pointing toward another anti-incumbent election.

A USA TODAY/CNN/Gallup Poll shows 65% disapprove of the job Congress is doing; only 24% approve. Clinton's approval rate is 41%.

Please take a few minutes to study the questions presented here. Also, please take a few minutes to send your answers to Graybeards; either make a copy with your answers — or just write the questions numbers plus your answers on a separate piece of paper — and send to: Graybeards (Stan Hadden); P.O. Box 131; Harpers Ferry, WV 25425.

WHAT'S YOUR OPINION?

The story at left is from an article appearing in USA TODAY, on July 28, 1993. It is interesting to realize THAT EVERY MEMBER IN THE HOUSE OF REPRESENTATIVES IS UP FOR ELECTION next year. And ONE THIRD OF THE SENATE is up for election.

If the veterans of America want a chance to SHOW THEIR COLLECTIVE STRENGTH — 1994 will be our chance. Therefore, the

2. Do you want to become active in working with Congress to do a better job in serving our nation?

The plan is to ask the White House to comment in writing — to these questions and your answers — for publishing in Graybeards.

If you think this is one way to get your personal opinion to the White House, please send your answers to Graybeards; we will do what we can to get them to the Oval Office by reminding them that We The People, are supposed to govern. Is it worth a try?

A reunion like this one only proves that the K-vet is a special person, and we appreciate the comradeship. Again, thank you and God's speed. You are forgotten no more."

If We Campaign For A Change In Copyright Laws and Demand KIA/MIA Names Be On The Wall, Will The Memorial Completion Date Be Delayed?

KWVA Vice President HARRY WALLACE reports that many members are asking "if we campaign for a change in the copyright laws and demand that KIA/MIA names be on the wall, will the Memorial completion date be delayed?"

GRAYBEARDS has asked and answered that question many times.

But here we answer it again, in an opinion given by KWVA legal counsel BLAINE FRIEDLANDER:

"The question is good.

"The answer is: THERE IS NO REASON FOR DELAY.

"Those who say otherwise are trying to frighten us into doing nothing.

"The KWVA answer to those who tell us that if we stand up for that which is right, we will not get a Memorial in time is this: The Executive Council and the members at Minneapolis made the KWVA official position very clear:

"1. We are MAD AS HELL (this slogan was adopted in July.)

"2. We want the Korean War Veterans Memorial completed and dedicated on July 27, 1995. If the ABMC and the Corps of Engineers cannot do the job, let us get someone who can.

"3. We want names on the wall — not pictures. We want names of our KIA and MIA — and we want this now; and

"4. We want the copyright law changed. We do not want the architects and artists to retain a copyright. WE paid \$15,000,000 for a Memorial. The architects and artists will be well-paid for their work. Our grandchildren should not have to pay a

royalty to Tell America about our finest hour. There must not be any royalties on our Memorial.

"Here's what you can do:

"1. Write to Bill Clinton! Tell the President you would like him to promptly replace the members of the American Battle Monuments Commission with members of the KWVA who will see to the Memorial's timely completion. His address:

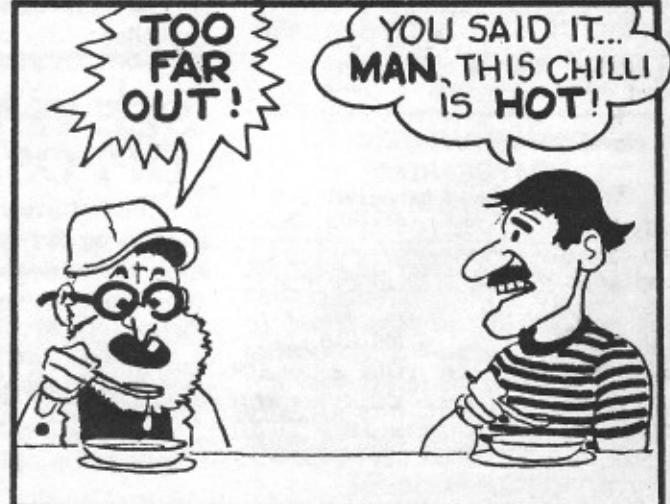

The Hon. Bill Clinton, President
The White House
1600 Pennsylvania Ave.
Washington, DC 2006

"2. Note the names/addresses of your Congressional members on pages 15 - 32. Note that we are giving you the LOCAL DISTRICT OFFICE of your people. They will be away from Washington from August 9 until September 7. Tell your people in congress that YOU WANT the copyright law changed; YOU WANT names on the wall; and YOU WANT the Memorial finished on time.

"3. Do not fear ABMC. Their claim of delay is based upon the hope that we may be silenced by fear."

Graybeards suggests look at the drawing on page 5. Read the stories we have printed. Make up your mind. Then ACT by writing your letters — making your phone calls — as we have offered you throughout this edition of Graybeards.

WHAT'S YOUR OPINION?

There is an old saying that sometimes it is necessary to sleep with the devil in order to learn how to speak to God.

Some people believe it is necessary to try and work with President Clinton for a special goal — such as getting him to force the ABMC to kill the copyright on the Memorial, and to instruct them to build it immediately and to include names of KIA/MIA on the wall.

All seem to agree that the Oval Office can force ABMC to change. In order to make a deal — it takes something to make both sides happy. In this case, we could ask President Clinton to honor our requests on the Memorial — but what would he ask us to do in return? Therefore, the

GRAYBEARDS POLL ASKS:

7. Do you want to ask President Clinton to honor our requests on the Memorial?

YES NO

8. Shall we work together as veterans of America — all wars, all peace — in an effort to become a national political force that Congress will pay attention to?

There has been much talk, many letters, and a lot of bitter comments made concerning the "two ceremonies" — one in Bloomington, the other in Washington, on July 27. Therefore the

"DON'T NOBODY KNOW HOW TO READ THE LAW?"

by BLAINE P. FRIEDLANDER

Attorney -At Law

"Yesterday, (August 12) Stan Hadden, ye olde crusty editor, sent me two letters. One from Gen. Ray Davis and the other from Gen. P.X. Kelley. Each of the letters is printed on pages 10-13. They are written to Dick Adams and seek to straighten out the record. Their letters should be carefully read. Both generals are good soldiers and have served this nation well. I, like most of KWVA, would follow them to hell and back in combat. In a short space I will answer their letters.

"1. The most important error they made

". . . is with respect to the copyright. They appear to maintain the copyright is a matter of right for the artist. That simply is not true. The copyright law allows the artist to own the copyright where the artist pays for the materials and supplies his own labor. Where the artist is hired, the person hiring the artist owns the copyright. This is called art for hire.

"THAT IS THE CASE HERE. THE VETERANS AND THEIR FRIENDS PAID FOR THE labor and designs and materials required for the Memorial.

"The artists will be well paid for their work. Thus the art work and the architecture belong to those who put their one and two dollar bills into this memorial.

"It does not belong to the American Battle Monument Commission nor the Korean War Memorial Advisory Board (who all of a sudden are now known as the Korean War Memorial in the Nation's Capital).

Please make a copy — or send it as is — to the name and addresses of ALL your congressional delegation. Their complete names and HOME DISTRICT OFFICES are listed for your convenience on pages 15-32.

Make any changes you wish.

It will cost you a few postage stamps and a little bit of your time. IS

"The United States Government, having no money in the art, cannot give away our property. The copyright belongs to the people. It is ours. We paid for it.

"2. General Kelley stated the case ". . . for the names of KIA, MIA and POWs on the wall. Read his second paragraph. He states that the law requires the KIA, MIA and POWs are to be honored. There is only one way to honor them. Put their names on the wall. If the ABMC wishes to obey the law, then put the names on the wall.

"3. My good friend General Ray Davis,

". . . in his letter, says we may lose the entire project if it is changed now. I respectfully disagree. The memorial is only two years late now. As General Kelley states in his letter, the memorial is underway. I was by the site yesterday and work is starting. It not only is underway, but it will be finished on time. The KWVA will see to it.

"Our good buddies must understand the anger of the troops over these issues. They must understand that the names must be on the wall and the copyright must not be given to the artists or architects. The pivotal point is simple: While the ABMC and KWVMAB have the glitter and the names, the KWVA has a more powerful weapon and that is we out-rank the ABMC, the KWVMAB, and the Congress. We are the voters and the people who assisted in raising the funds.

Please do not throw this aside and shrug it off. Just remember those who did not come home . . . and send your letter NOW.

You may make copies and have your friends write also.

To President Clinton and members of Congress:

This is a letter from an American citizen who votes and pays taxes. I am highly concerned that you have not been fully informed on the problems connected with the building of the Korean War Veterans Memorial in Washington, DC.

I respectfully request that you immediately take the necessary action to instruct the American Battle Monuments Commission (ABMC) to do the following two things:

- (1) Cancel all ABMC plans to copyright the Memorial.
- (2) Cancel all ABMC plans to put "about 2000 faces" on the Memorial wall and - in place of faces - engrave in eternal stone the names of our Korean War KILLED AND MISSING IN ACTION.

The ABMC is appointed by the President and serves at his discretion. A direct order from the White House would solve this entire matter.

Your prompt attention to this request shall be appreciated.

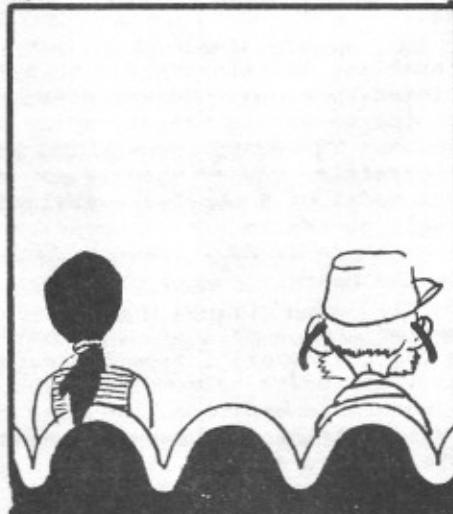

Sincerely,

P.S. to Congress: Yes, we are proud to agree that this is a form letter being sent by GRASS ROOTS AMERICA. Our lobbying effort is not for hire. Nor will we hire others to do our talking. We are America's veterans of war and

THE AMERICAN BATTLE MONUMENTS COMMISSION

WASHINGTON, D.C. 20314

July 23, 1993

Mr. Dick Adams, President
Korean War Veterans Association
P.O. Box 127
Caruthers, CA 93609

5127 Pulaski Bldg.
20 Mass. Ave. NW
Washington, D.C. 20314-0300
Phone 202-272-0533.
FAX 202-272-1375.

Dear Mr. Adams:

From reading the Graybeards, one would think that our two organizations have different goals with respect to the Korean War Veterans Memorial. This is unfortunate. If not corrected, at the very least it will continue to be counterproductive.

The objective of this Commission is to comply fully with the dictates of the Congress to establish a Korean War Veterans Memorial in the Nation's Capital that honors those who were killed in action, re still listed as Missing in Action, or were prisoners of war. In coordination with the Korean War Veterans Memorial Advisory Board, this goal is being realized as quickly and as economically as the situation will permit. When it is completed, we are confident that the memorial will be a worthy tribute to those who served. I believe that this is the desire of the KWVA as well.

The memorial is progressing very well. Site stabilization and installation of utilities is underway and should be completed late this fall. Detailed construction plans for the memorial are now complete and, in compliance with the Commemorative Works Act, PL 99-652, have been approved by the Commission of Fine Arts and the National Capital Planning Commission. The Construction Contract for the memorial (Phase II) will go out for bid in sufficient time to dedicate the memorial on July 27, 1995, the 42d Anniversary of the signing of the Armistice.

Public Law 99-572, the enabling legislation for this memorial, authorizes the Presidentially appointed Korean War Veterans Memorial Advisory Board to select the design for the memorial, the selection being subject to the approval of this Commission. The Board, consisting of twelve Korean War veterans, two four star generals, one of whom is now deceased, the other was awarded the Congressional Medal of Honor for sustained heroics in Korea; one the members is a paraplegic as the result of wounds sustained there; and two of the others lost part of their limbs in Korea. Most of them received one or more awards of the Purple Heart.

The Advisory Board requested that a national competition be held, so that it could select the design for the memorial from the submissions thereto. One was held as it requested. The Board selected a first, second and third place design and twenty honorable mentions. None of the designs selected by these decorated Korean War veterans included the names of the Korean War Dead. It is not feasible at this time to attempt to amend the winning design for this memorial which has received the final approval of the Commission of Fine Arts and the National Capital Planning Commission. To do

so would jeopardize the basic design which took several years of lengthy hearings and amendments in order to obtain their approval. Such action would delay the memorial several years. To ensure its completion at this time, the memorial must be built in accordance with the design that has been approved by this Commission and the two Commissions mentioned. It is our plan to install interactive video at the memorial where relatives and friends can enter the name or serial number of their loved one into the computer and receive a printout which provides some biographical information, the organization with which the individual served, and a photograph of the individual, if one is available. There is no plan nor was there any plan to co-locate the video with public rest room facilities.

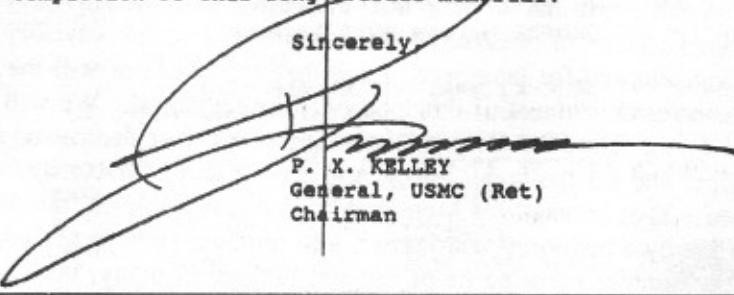

Enclosed are two documents for your reference: Col Ryan's answers to the list of questions by Stan Hadden that he published the *Graybeards* magazine and a detailed explanation of the copyright issue. The misinformation that is continually published in that magazine is most unfortunate.

You no doubt are aware that copyrights serve more than one purpose. They protect the public from unauthorized reproduction of the copyrighted item. This is especially important when the reproduction may not be a true representation of the original or distorts its intent. They also are a source of royalty payments when the memorial and/or its components are used for private or corporate gain. The legal section of the Army Corps of Engineers has advised us that release of the copyrights for appropriate consideration is well within our authority. We talked with Jan Scruggs about the copyright for the sculpture at the Vietnam Veterans Memorial. He stated that the Vietnam Veterans Memorial Foundation and the sculptor share the copyright royalties.

Today any good artist expects to receive the copyrights for his or her work or receive offsetting compensation. Limiting selection of the artists for a War Memorial to those who would waive copyright privileges or offsetting compensation is not only unfair but unreasonable. More often than not, it would mean that one would be unable to obtain the services of those best qualified to do the work, which is untenable if it can be avoided. All of the directors on the staff of this Commission are combat veterans. It would be unthinkable for them to demand special copyright privileges just because they did their duty and fought for their country.

On this 40th Anniversary of the Armistice that ended the armed hostilities in Korea, I extend my best wishes to the Korean War Veterans Association at their annual convention in Minnesota and the hope that we can work together towards early completion of this long overdue memorial.

Sincerely,

P. X. KELLEY
General, USMC (Ret)
Chairman

Graybeards Editor STAN HADDEN was asked to give a report on the Memorial at the July 26 business meeting. The following are excerpts from that report:

"Let me read to you a paragraph from a letter sent by Congresswoman SUSAN MOLINARI to Patrick Boyle of Staten Island, NY:

"She had asked ABMC for an explanation and they told her 'It is in the government's best interests to release the copyrights, rather than renegotiating the entire contract which would ultimately delay acquisition permits, extend the completion date until 1997, and incur considerable

additional cost.'

"Let me repeat what she wrote: The ABMC letter did say 1997.

"The letter from her went on to quote ABMC again: 'You may also be interested to know that the House Armed Services Committee is currently drawing up a new provision which would ensure that any non-profit veterans organization would still be able to purchase and sell images of the Korean War Memorial by paying the same type of discounted fees to reproduce any battle memorial item. In addition, there is already an agreement that the public will be authorized to photograph the Memorial for its own private use.'

"So the ABMC is being nice to us veterans — we can take a picture for the family album — but don't try to use it on a tee-shirt or anything like that until you pay a copyright fee.

"It also means the ABMC is going ahead to copyright the Memorial . . . and while you are taking a picture for your album **SOMEBODY ELSE** is going to make a profit by selling souvenirs.

"So again I will ask you: why should we sit idly by and let ABMC take two years to negotiate a new contract? My own opinion is that a competent private businessman could do that job in less than two weeks."

Dick Adams, President
Korean War Veterans Association
P.O. Box 127
Caruthers, CA 93609

Dear Dick:

This is the first year of many that I will not be attending your annual convention. You can believe that I am there in spirit. Very early, I was committed to veteran activities in Atlanta on Saturday and Sunday, July 24 & 25. We then expected that our own Advisory Board schedule required my presence in Washington, DC, on the next Monday and Tuesday. Anticipating full involvement in these activities I accepted an invitation to lead the Pledge of Allegiance to the flag of the United States of America at the laying of a wreath at the tomb of the unknown and to speak at the No Greater Love luncheon honoring the loved ones who lost a relative in the Korean War. These activities are unmistakably important to Korean War Veterans everywhere.

It is the mandate of the Korean War Veterans Memorial Advisory Board along with the American Battle Monuments Commission to build the Memorial and we will do just that. Every action taken is with that as the ultimate objective. It must be built with efficiency, with economy, with speed, and within the confines of the laws of the land. The requirements of the laws are considerable, but must be satisfied. And they have been satisfied. This larger objective of building this Memorial can not and will not be derailed.

It is in this spirit that all actions of the ABMC and the Advisory Board have been executed. None of the ABMC Commissioners nor the Advisory Board Members are compensated for their service and they have not nor will they gain any profit from the establishment of this long overdue Memorial. We will all stand tall with pride as we salute the Korean War veterans for their dedication to the cause of freedom and for the hope, honor, and service that characterized all those that served. That is what this Memorial seeks to do and each individual will come with his own memories and leave a little prouder to have served his flag, perhaps a little humbler knowing he or she was but one of many, but always knowing that he or she answered their Country's call to serve the cause of freedom.

The Memorial as it is now designed and APPROVED must be constructed. Any attempt to change the design to add names of the KIA's/MIA's/POW's now, has the potential of disrupting the construction schedule that is on track for completion in July 1995. This is dependant on obtaining the construction permit by October 28th this year. It will be and must be obtained by that date.

The Advisory Board has continually advised those who are promoting the issue of engraving names on the wall of this Memorial that the time to add the names is after construction. There is space on the opposite side of the wall to engrave the names and it could be done with the approval of all the Federal Commissions that have given their approval of the present design after three years of presentations and negotiations.

Before strong efforts are made to change this wonderful memorial, it is well to ponder how the three Memorials, at this end of the Mall, will work well together. Thinking about war, any war - it takes hundreds of thousands if not millions of men and women to fight the war, each war brings out heroic behavior, and men and women make the ultimate sacrifice of their lives.

The single statue of the heroic Great Emancipator, Abraham Lincoln - an integral part of the Lincoln Memorial - is a symbol of the freedom and unification that resulted. In a larger context the Vietnam Veterans Memorial, has been referred to by some, as a huge tomb stone, yes, specifically for Vietnam veterans but symbolically a tomb stone for the war dead for all time. In like manner the Korean War Veterans Memorial will clearly convey the message that it takes men and women and lots of them to fight a war.

Each Memorial therefore, has its own unique message which carries over and relates to the other two in a very distinctive way and as such, fits into the Mall adding to our Nation's remembrance of veterans and the honor, sacrifice, and hope they represent for all our countryman.

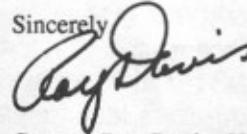

If a serious effort is now launched to add names to the Korean War Veterans Memorial it will clearly jeopardize our ability to get a construction permit in a timely manner and therefore could totally derail the project and our memorial may never be built. No one wants that outcome. It has taken this long to reach this point, we have an approved Memorial and construction has begun. It must be built as it has been approved.

I am convinced the memorial, as approved, will truly be a work of art and we all will be gratified, especially the forgotten veterans of the Korean War, who at last will be remembered in a fitting Memorial long overdue and much deserved. Our collective goal is to build a suitable Memorial that we can all be proud of as we visit it's hallowed ranks ... and to build it as soon as possible before increasing numbers are deceased.

On this 40th Anniversary of the Armistice that ended the armed hostilities of the Korean War it is important to remind ourselves that this document is today credited with the beginning of the demise of communism. Had they not been stopped in South Korea, it is likely that the Pacific Rim countries would have been endangered. They weren't, largely because of the subsequent resolve of the United States executing the Marshall Plan and building up NATO's strength. It was the armistice that started it all. It has taken the country, including DOD and the State Department, 40 years to appreciate this significance. History teaches us wonderful lessons.

It is my sincere desire that the Korean War Veterans Association have a successful reunion in Minnesota. Our mutual goal of building this memorial must unify us in spirit and in deed. The dedication committee will have representatives of major veterans organizations. As the KWVMAB chairman, I will chair the committee and KWVA is hereby invited to have a significant role.

Sincerely

General Ray Davis, USMC, (Ret)

M.I.A. OCT 26-27, 1952**

On Oct 26 or 27, 1952 Russell was captured on a Korean outpost. Near Charervon Sector on Star Hill 30 to 32 men were said to have been taken at the same time. We have been in contact with Winfred Simpkins shortly after his escape as he was badly wounded and was in Battle Creek Percy Jones Hospital after being rescued by our own troops. He resides in Muncie, IND.

Through the years names have surfaced with little or no luck of contacting them. The name Juluis Young, nicknamed Tiger Young from a boxing background in Cleveland, Ohio. A young man from Fountain Town, IND by the name Walter Schaeckels (US55201386) was said to have died in prision camp Feb. 18, 1954 the same date we were given for Russells death. Schaeckels family later received his body. Russell has never been heard of since his capture.

We have tried to obtain the daily duty roster for Oct 26 and 27, 1952 as of yet no luck with this either.

Russell was known by just "SCHANCK" or "PINEAPPLE" (Basic taken in Hawaii) or "SCHANCK O-BOY." Any one with any information that could help us please contact: By writing or call collect:

From The Desk of 1st Vice President and Nomination Chairman

First, I would like to thank Minnesota Chapter 1 President Tom Clawson and his troops for their outstanding efforts and contributions for a great convention.

During the past year that I have been privileged to be 1st Vice President of the KWVA, I have sensed that our members are becoming more **disinterested and disenchanted** with our organization and its leadership. Case in point: out of **10,000** members, approximately **400** ballots, **nation-wide**, were cast to elect 4 Board Directors, and about **120** of 455 registered KWVA members at the Reunion attended the July 26 Business Meeting. Many members were not even aware that elections this year were by **ballot** instead of voting at the business meeting.

Concurrently various members at the 1993 Reunion asked me what is wrong with **National**, i.e. "Why aren't past Council/membership approved taskings not **implemented**? Why haven't the Gulf Shores Mid-Winter Business Meeting minutes been published in the Greybeards? Why the past indecisiveness/vacillation by the Council in supporting the placement of the KIA/MIA names on the Memorial Wall? Is a National Office going to be established in Washington, D.C. as approved by the membership at the Reno Reunion? Did the Ad-Hoc Committee on Organization established by President Adams at the Gulf Shores Mid-Winter meeting accomplish their mission? Why are Resolutions submitted to the Executive Council for action and resultant decisions not published in the Graybeards so members know what is going on? Where is the roster of all members of the Association that was supposed to be published as approved in Reno? Have the By-laws and KWVA corporate conflicts been resolved as discussed by the Council at Gulf Shores and Reno? What are the plans for the donated funds in the KWVA Memorial Fund if they are not needed to complete the Memorial? Why isn't the Resolution that KWVA financially assist in the formation of new chapters incorporated in the By-laws? A new committee has been established to rewrite the By-laws again! What is the Tell America Program? Why aren't other major veteran organizations supporting the KWVA? Why is the internal bickering in the organization still continuing?

Can't these differences be resolved for the good of the order? How many paid up regular members does the KWVA have, including POW's and MOH recipients? What happens to the KWVA after the Memorial is dedicated? Does the Council have future plans/projects to ensure continuance of our organization? Do we have established campaigns to increase membership?", etc., etc.

These are questions/comments that the members should have directed to the Council at the general business meeting for answers. Action and leadership is a two-way street. You are the voice and reason for the organization's existence. Without membership participation, either from the Reunion floor or by letters, for

action/changes, the Council, a bureaucratic structure, will continue doing business as usual. Remember you elected us to represent your interests, not the Council's.

You, the members, if not satisfied with KWVA leadership, have the most powerful tool for demanding actions or changes in the KWVA organizational structure, the election process, running for an OFFICE and the BALLOT. Use them both in 94.

Your comments/opinions/recommendations regarding my column on this would be greatly appreciated.
